ESS47 SLIDING DOORS

Aluminium sliding doors create a visually stunning addition to your home and can add huge value to the property.

Thermal performance and strong, super slim profile sections to minimise the visible framework and maximise the glass area, is key to the ESS47 Sliding Door's design.

Engineering grade hardware allows for silky smooth opening and closing operation.

What's more, all our doors are rigorously tested to European safety standards and powder coated to Qualicoat's specifications, for complete peace of mind.

Why choose Aluminium?

- ✓ Aluminium is extremely durable and hard-wearing. You'll be able to enjoy your aluminium doors for not only years but decades to come as they're incredibly resistant to the elements.
- ✓ It is an incredibly strong material, providing a high level of security.
- ✓ Aluminium doors are among the best-insulated on the market, thanks to advanced thermal break technology.
- ✓ They require very little maintenance to ensure optimal performance and to keep them looking good as new.

SIGHTLINES

ESS47 Sliding Doors perfectly frame and enhance the outdoor view while creating a light, bright indoor space in your home. They effectively turn an entire wall into glass with the added freedom of accessibility and seamless connection between the indoors and outdoors.

With a super slim interlock of just 25mm for maximum vision, excellent thermal performance, noise reduction, high security and weatherproofing.

Designed for large spaces, single, double and triple track options are available allowing for a variety of opening configurations.

All our products can be finished in several glazing options to create a style to suit any property. Our sliding door range is available with the following glazing options:

- Double glazed
 - Triple glazed
 - Integral blinds
 - Laminated Glass
- ... and many more.

Hardware and Security

The super slim ESS47 Sliding Door system comes with a range of sleek, complementary hardware. Available in a variety of colours.

Combined with a high-security multipoint locking system, keeping your property safe and secure.

Configurations

The ESS47 Sliding Door system has a variety of opening configurations, depending on how many panes are chosen and which panes you would like sliding or fixed. There is a perfect solution for every project.

Door Colours

Our doors are available in three standard colours, plus two dual colour options.

For projects requiring bespoke coloured doors, any RAL colour can be available upon request.

Design Features:

- Super slim 25mm interlock.
- Double and triple track option.
- Double and triple glazing options.
- High security lock.
- Smooth sliding operation.
- Quick and easy to fabricate and install.

Our aluminium products complement our range of aluminium doors and windows and can be designed to coordinate with each other, for the complete look.

They can also be used on their own to make a unique statement.

Bifolding Doors
